Club Kid - Before & After School Programs in the

Scotchtown Elementary School & GIS

Keeping kids actively involved throughout the day reduces the risk of them getting into trouble and promotes positive personal growth and development. During our school aged child care program, kids have the opportunity to choose from a variety of activities to suit their individual interests including arts and crafts, active play, community service projects, homework and game time. Our staff provides a

supervised yet nurturing environment striving to integrate the YMCA's Core Values of caring, respect, responsibility, and honesty while incorporating skills like good sportsmanship, positive self-esteem along with the mutual respect for others.

Our program follows your school calendar.
